ONLY

\$99

(Max 300 sq. ft.)

A photograph of a carpeted floor before cleaning. The carpet is a light beige color and shows significant discoloration and staining, particularly in the center and towards the edges. The lighting is somewhat dim, and the overall appearance is dull and dirty.

Before

A photograph of the same carpeted floor after cleaning. The carpet is now a much brighter, more uniform light beige color. The discoloration and staining have been removed, and the surface appears clean and shiny. The lighting is similar to the 'Before' image, but the overall appearance is much more vibrant and fresh.
